Description

AdBlue (urea) pressure measuring kit for DPF / FAP filters

Set contains:

1. The body (four-cross) has:
 - manovacuometer (-1 to 15 bar)
 - 3 connectors (female couplings) for connecting hoses and pressure gauge
 - drain valve
2. 3mb connection hose for connecting a pressure gauge (observable while driving)
3. Hoses with measuring quick couplings:
 - Ø 6.3 mm
 - Ø 8.0 (7.97) mm
 - Ø 9.49 (9.5) mm
