

Compression pressure tester petrol PCSm-16SK

Product Code: 908 000 00

Availability: In Stock

Short Description

Art. 908 000 00

Description

PCSm - 16 - gauge pressure gauge for petrol engines.

In this model of the tester, the connections are on quick connectors, which significantly speeds up and facilitates measurements.

The meter is equipped with a screw-in adapter into the spark plug hole with an M14 x 1.25 thread

We offer an additional rigid extension ending with a conical eraser (3 pcs),

which adapts to the spark plug hole through which the compression measurement is made
- Art. 917 012 00

Measuring Range: 0.3 to 1.6 MPa (3 to 16 bar)

Other Adapters for Petrol engines - see page 20 in the HP Catalog.
